Important information: Choice filling

It is mandatory to fill ALL the available choices (irrespective of whether, as per your eligibility, a seat is presently shown/available in the seat matrix or not) and then click on Submit button. Seats not available will be automatically eliminated later. So, ALL candidates must fill all the available choices, without which the candidate will not be able to submit his/her choice.

Many candidates have not filled all the available choices. In this regard all candidates are hereby informed that if they do not fill all the choices available to them, their choices will be considered as "null" and **it will be concluded that they are not willing to participate in allotment process and shall be liable to pay the Bond amount.**

All the concerned candidates are also required to note that the Choice filling option has again been made available at the website from upto 07.05.2023 (11.55 pm).

All candidates may edit their earlier filled choices (irrespective of whether they filled all the available choices or filled incomplete choices) and submit the same.

The concerned candidates are advised to visit the website regularly for updates and other relevant information.
